DR. J. COLLIS BROWNE'S CHLORODYNE

THE ORIGINAL AND ONLY GENUINE.

Advice to Invalids—If you wish to obtain quiet, refreshing sleep, free from headache, relief from pain and anguish, to calm and assuage the weary achings of protracted disease, invigorate the nervous media, and regulate the circulating systems of the body, you will provide yourself with that marvellous remedy, discovered by Dr. J. Collis Browne (late Army Medical Staff), to which he gave the name of CHLORODYNE and which is admitted by the profession to be the most wonderful and valuable remedy ever discovered.
CHLORODYNE is the best remedy known for Coughs, Consumption, Bronchitis, Asthma.
CHLORODYNE acts like a charm in Diarrhœa, and is the only specific in Cholera and Dysentery.
CHLORODYNE effectually cuts short all attacks of Epilepsy, Hysteria, Palpitation, and Spasms.
CHLORODYNE is the only palliative in Neuralgia, Rheumatism, Gout, Cancer, Toothache, Metralgia, &c.

From Symes & Co., Pharmaceutical Chemists, Medical Hall, Simla, January 5th, 1880. To J. T. Davenport, Esq., 33, Great Russell street, Bloomsbury, London. Dear Sir,—We embrace this opportunity of congratulating you upon the wide-spread reputation this justly esteemed medicine, Dr. J. Collis Browne's Chlorodyne, has earned for itself, not only in Hindostan, but all over the East. As a remedy of general utility, we much question whether a better is imported into the country, and we shall be glad to hear of its finding a place in every Anglo-Indian home. The other brands, we are happy to say, are now relegated to the native bazaars, and, judging from their sale, we fancy their sojourn there will be but evanescent. We could multiply instances *ad infinitum* of the extraordinary efficacy of Dr. Collis Browne's Chlorodyne in Diarrhœa and Dysentery, Spasms, Cramps, Neuralgia, the Vomiting of Pregnancy, and as a general sedative, that have occurred under our personal observation during many years. In Choleraic Diarrhœa, and even in the more terrible forms of Cholera itself, we have witnessed its surprisingly controlling power. We have never used any other form of this medicine than Collis Browne's, from a firm conviction that it is decidedly the best, and also from a sense of duty we owe to the profession and the public, as we are of opinion that the substitution of any other than Collis Browne's is a DELIBERATE BREACH OF FAITH ON THE PART OF THE CHEMIST TO PRESCRIBER AND PATIENT ALIKE. We are, Sir, faithfully yours, Symes & Co., Members of the Pharm. Society of Great Britain, His Excellency the Viceroy's Chemists.

CAUTION.—Vice-Chancellor Sir W. Page Wood stated that Dr. J. Collis Browne was undoubtedly the Inventor of Chlorodyne; that the story of the defendant Freeman was deliberately untrue, which, he regretted to say, had been sworn to.—See "The Times," July 13, 1864.
Sold in bottles at 1s. 1½d., 2s. 9., 4s. 6d. and 11s. each. None is genuine without the words "Dr. J. Collis Browne's Chlorodyne" on the Government stamp. Overwhelming medical testimony accompanies each bottle.
Caution—Beware of Piracy and Imitations.
Sole Manufacturer, J. T. DAVENPORT, 33, Great Russell Street, Bloomsbury, London.

Daily Colonist.

SUNDAY MORNING, OCT. 9TH, 1881.

MR. W. HARRISON

Is the only person at Yale who is authorized to receive Subscriptions for the DAILY and WEEKLY COLONIST.

THE "CANADIAN SPECTATOR" ON "TRUTH."

The *Canadian Spectator*, of Montreal, (the editor of which is, if we mistake not, Mr. GEORGE WALLACE, favorably known in years gone by as a pioneer editor of British Columbia) gives LABOUCHERE some hard knocks anent his untruthful article upon Canada. As we showed yesterday "Labby" has even come in for censure from the American press. The totally incorrect statement respecting British Columbia is thus met by the *Spectator*: "*Truth* describes British Columbia as a 'barren, cold, mountainous country that is not worth keeping.' *Truth* will probably be surprised to learn that the climate of British Columbia is singularly mild and equable—that its rivers and harbors nevers freeze over even in the hardest winters, and that the whole country seem especially marked out by nature as the future sanatorium and pleasure resort of the world. While British Columbia does not possess the marvellous agricultural resources of Manitoba and the Northwest Territories, she is yet rich in minerals and coals, and in magnificent harbors that will one day make her one of the greatest *entrepôts* of commerce in the world." Further on the *Spectator* dresses down *Truth* on the 'loyalty' part of the article: "*Truth* waxes merry over Canadian loyalty. It says Canada 'is heartily 'loyal' and makes the loyalty pay.' *Truth* is not so ignorant of facts as not to know the contrary. Canada did not make her 'loyalty' pay when British treaty makers in 1871 ceded the island of San Juan, the key to the harbor of Burrard Inlet, to the United States. She did not make her 'loyalty' pay when she was brought to the point of starvation in 1848 and 1849 by the Imperial policy of free trade, which would have left her to rot but for her own energy and perseverance. She did not make her 'loyalty' pay when English treaty makers hacked and carved her territory in 1846 and 1842, and sold her birthright for less than a plate of soup—nor in 1763, 1783, 1794 and 1814. She did not make her 'loyalty' pay when her sons rushed to arms in defence of the Mother Country at the time of the 'Trent' affair; nor again when Canada was threatened with a Fenian invasion in 1866, the result of Imperial policy. Canada has always been loyal, heroically at times."

THE IRISH LAND COMMISSIONERS.

The Imperial Government have appointed the assistant commissioners under the new land act. Following is the *personnel:*

First—Mr. Vesey Knox, late superintendent of the government model farm and scientific farmer. He was on the point of starting for America to visit the great wheat districts of the west when he was appointed.

Second—Lieut.-Col. Bayley, agent for Lord Carisford in County Wicklow, and who lived for several years in Wisconsin, where he had a practical experience in farming.

Third—Mr. Garland, a well known authority on land in the north, who has been frequently selected as an abitrator to settle disputes between tenant and landlords in the north.

Fourth—Mr. Houghton, the son of a merchant and practical farmer, may be said to represent the commercial interests on the commission.

Fifth—Mr. O'Keefe, assistant professor of chemistry in Queenstown college, Cork, and a scientific farmer.

Sixth—Mr. O'Shaugnessy, a well known Galway farmer.

Seventh—Mr. Bryce, who was one of the members of the duke of Richmond agricultural commission and signed the minority report which favored more protection.

Eighth—Mr. Ross, a Presbyterian farmer or trader, formerly a shopkeeper in Monagan.

Col. Bayley and Messrs. Houghton and Ross are Protestants; the others are Catholics, and are liberal, except possibly Col. Bayley. The *Freeman's Journal* and *Irish Times* seem to favor the appointments, the former, however, recommending an attitude of reserve until it has been seen how they act. The expression of the conservative organ is dissatisfied. It says the appointments are decidedly in favor of tenants' interest.

FOUND OUT!

"JOEY BAGSTOCK is tough, sir, tough, and de-vilish sly," DICKENS makes one of his characters in "DOMBEY and SON" say. The attorney-general is as "sly" as JOEY BAGSTOCK, but sly persons are sometimes found out. A fox, which is the slyest of all animals, has been captured after having eaten so many fowls that he could not squeeze his distended body through the hole at which he entered. The attorney general meant to be very sly when he wrote the article in the organ which compared the demand of the working classes who ask that the caisson shall be built in the province to the "yelping" of "unhappy whelps." But like the fox that overate himself the attorney-general has been caught, and in his chagrin at the discovery he pretends to unearth from the files of *The Colonist* an article which he says attacked certain shortcomings of the farming population. This article he tries to twist into an attack on agriculturalists as a class. It won't do. He would give his "brush" if he could get rid of the odium of having insulted the iron-workers of the province, by comparing their demands to the "yelping" of "unhappy whelps." He tries the "red herring" dodge, but it will fail. The fox is fairly run to earth by the "unhappy whelps" whose "yelping" he affects to despise, and they will dog his steps day by day until they shall have encompassed his political ruin which is already impending.

DELAYED DISPATCHES.

EUROPE.

PARIS, Oct. 4,—Roustan, French minister at Tunis, has invited the English and Italian consuls to assist at the official inquiry into the late disaster. The English and Italian consular clerks doctors, etc., have accordingly gone to Evazegua for the purpose. Six hundred French troops went there on the 30th ult., but the Arabs disappeared long before their arrival. The massacre was undoubtedly caused by the wholesale destruction of olive forests, vineyards and villages which general Sabatier considered necessary around Zaghouan. Ali Bey has sent a messenger stating that he is not able to hold out any longer and demanding a French escort to effect his retreat. It is rumored that his position is critical, a mutiny having broken out in his camp.

PARIS, Oct 5.—The Wadjergha massacre reports show that the Arabs heaped up 300 sleepers on which they cast grass, tow and oil, and threw the victims into the burning mass alive.

It is clear that the Arabs are assembled in force in a position which seriously threatens the flank of the force advancing from Mehmedia and Zaghouan and Kairwan.

NEW YORK, Oct 7.—A telegram by cable reports the exchange building on Rumford street in Liverpool, England, on fire.

In London a Cabinet Council has been telegraphically summoned for Wednesday.

NEW YORK, Oct 5.—A dispatch from Paris says it is stated in Bonapartist circles that ex-Empress Eugenie, on the occasion of her recent hurried visit to that city, made a will leaving all her fortune to Prince Victor, and declaring him the head of the Bonapartist party. A clause in the document asks the young prince to devote all his mind to the service of the cause of the empire.

LONDON, Oct. 7.—Gladstone received a great ovation at Leeds to-day. Eighty six addresses were presented to him. He replied briefly, acknowledging the value of party criticism.

An advertisement in the London *Daily News* proposing that a duplicate of Bruce Jones' statue of Gladstone, now ready for casting, be made and presented to the United States, to be erected at Washington to commemorate the kindly feeling existing between the two nations.

DUBLIN, Oct. 5.—A farmer named Leath, living near Rathmore, on Lord Kennert's property, was shot last night by a party of armed men who stopped at his house to warn him not to pay rent. He died this morning.

LONDON, Oct. 5.—The land league to-day at Dungarvan, Waterford, under president Parnell, endorsed the action of the national convention and pledged themselves to labor for the independence of the country.

O'Donnell in speaking at the land league in Ireland said there were two governments in Ireland [illegible] minded, the other that of the league, which the people would obey. Parnell repeated his advice to tenants not to go to the land courts until the league had tested the land act.

EASTERN STATES.

NEW YORK, Oct. 6.—A special to the *Times* from Newport announces the secret departure of the Russian minister for Washington. During the past season he occupied the elegant residence of Capt. Downing with his wife and 11 children and a huge retinue of servants. Not only has he paid no rent but left the house and furniture in such a condition that Mrs. Downing burst into tears on entering it. He has victimized tradesmen of all sorts, pleading immunity as an ambassador, he has been a social nuisance all summer and left an unsavory reputation. It is stated he has of late been shadowed by detectives from New York.

NEW YORK, Oct. 5.—The manager of the Panama Canal Company has just arrived from the isthmus and states that work on the canal was advancing rapidly. Twelve hundred men are employed at present in the excavations, and it is expected to have more by December.

NEW YORK, Oct. 4.—The French frigate Magicianne, Admiral Hailigan, and French ram Dumont De Turvillo, Capt. Paul De La Berrera, in company with the flagship Tennessee, Vandalia and Yantic proceeded down the bay this afternoon to the narrows to await the arrival of the steamships Canada and Herber, with guests invited by the government to attend the Yorktown celebration. Both vessels are expected to arrive Wednesday. The salutes fired early at Staten Island and later at the navy yard were in honor of the French navy officers, some of whom are making visits to United States vessels in the harbor and to the commandant.

The republican state convention nominated a state ticket in opposition to Conkling. The *Evening Journal*, Conkling organ, is intensely bitter over the result, which it denounces as a fraud, declaring that deception with the "penny appeal" promises that have no substance make up the record of the day's work. It strongly intimates that Conkling's support cannot be had for the ticket.

The *Sun* says: From first to last along the whole line the stalwarts were routed, and it was evident at the evening session hour they felt as they were, sullen and in a state of mind that is dangerous to the faction ridden party, and that is not likely to be less dangerous at the time of the election.

The *World*. The victory of the half-breeds in the convention simply binds the stalwarts to beat the republican ticket in the election.

CLEVELAND, Oct. 6.—Some excitement was caused here to-night by the report that Garfield's remains had been stolen from the vault. It was subsequently learned that a carriage had been seen leaving the cemetery about midnight, and inquiry revealed the fact that friends of the family had been to the vault for the purpose of changing the remains from the old to a new casket.

By the way of Yorktown there comes an interesting bit of gossip about Gen. Hancock. It appears that he is now more than ever a candidate for the presidency. The way he was received when he went across the country to attend Garfield's funeral has given him a most encouraging sign of his popularity, and at Yorktown during the coming centennial celebration Hancock proposes to do some good work for 1884.

NEVADA.

VIRGINIA, Oct. 7.—Crosscut No. 4 in Sierra Nevada is again being pushed east. This gives general satisfaction here, as our mining men think ore will be found in that direction. Work will be resumed at the bottom winze. The Savage folks to-day begin removing the bulkheads from the drift leading out from the combination shaft. They have ore chutes on 1640 foot level completed and will begin extracting ore at that point in a day or two.

CALIFORNIA.

COLUSA, Oct. 5.—F. L. Hatch, judge of the superior court, died at 2.15 this afternoon from injuries received by a fall from the courthouse Saturday, Sept. 23rd, 1881.

SACRAMENTO, Oct. 5. — Jerome C. Davis, one of the city trustees of Sacramento and an old pioneer, fell down the steps at his house this morning and died this afternoon at 1 o'clock.

GUITEAU.

His Lawyer Preparing the Defence.

WASHINGTON, Oct. 6.—Geo. Scoville, Guiteau's brother-in-law and counsel, has arrived and paid a visit to the prisoner at the jail, and later had an interview with District Attorney Corkhill relative to the manner of proceeding with the trial. The district attorney informed Scoville he intended to pursue the usual course in murder cases. Scoville intimated to-night that he intended to rest Guiteau's case on the plea of insanity and said at the proper time he would ask for the necessary delay to enable him to procure witnesses from a distance to establish his plea.

WASHINGTON, Oct. 6.—Scoville, the attorney for Guiteau, remained two hours with him this morning and found him more apprehensive and humble. Guiteau furnished the list of witnesses he desires and is willing to leave the decision of the plea of insanity to his counsel. Scoville relies upon the evidence of the people here to support the theory.

NEW YORK, Oct. 6.—Since the erection of the new building for the bureau of [illegible] and engraving, half a mile from the treasury department, there have been constructed heavy carriages, with almost burglar proof sides, ends, top and bottom, all being made of plate iron. The single door is in the rear heavily secured by a strong combination lock. Into this bonds, notes or stamps, printed at the bureau, are placed and the door locked, the key being retained by the superintendent. This vehicle is then driven to the treasury department where a duplicate key of the door is kept and unlocked and the contents removed. It was understood that it was decided to-day to make use of this novel vehicle for the transportation of Guiteau from the district jail to the court room to plead to the indictment found against him yesterday. The conveyance is to be taken to the jail during the night to be in readiness for the removal the prisoner, who will be placed in it and safely locked in, the key being retained at the jail. He will then be taken about daybreak to the court house without a guard unless under suspicion that he may be removed a crowd gathers in the vicinity of the jail.

PRESIDENT ARTHUR.

His Movements -- Speculations as to His Course.

NEW YORK, Oct. 6.—A *Herald* Washington special says President Arthur has not been helped at all in his cabinet arrangement by the development of the overwhelming anti-Conkling sentiment in New York. It is a fact that the defeat of the Conkling men in New York operates as a break on all the Stalwart plans for a Stalwart cabinet. Grant's influence with Arthur is also affected by the strong anti-Conkling sentiment of the republicans of New York. Arthur hardly knows what to do.

WALHINGTON, Oct. 6.—President Arthur has not yet fully decided as to his cabinet appointments, as he has been compelled to give much of his time to private affairs. This much can be stated with positiveness that he has assured Postmaster-General James and Secretary Hunt that they can remain in his cabinet as long as they desire. Secretary Blaine will retire as early as he really wishes to do so. The story that Blaine wishes to remain in the cabinet is not true.

Within the last few days it has become apparent that the Pacific slope will ask to be represented in President Arthur's cabinet.

Workmen are engaged putting in an elevator at the White House. They are taking up carpets to prepare for the new president. It has been said that the house is fairly alive with vermin and it will take at least two months to make the place habitable.

WASHINGTON, Oct. 7. — Protestant ministers in this city this afternoon in a body called on President Arthur.

THE QUEEN AND THE BARONESS BURDETT-COUTTS.

A "Truth"ful Yarn About the Latest Snub.

Society people remember how the Queen's royal nerves were excited when told of the engagement of the Baroness Burdett-Coutts to young Bartlett. At the Prince of Wales' recent garden party Her Majesty gave a lively exhibition of her dislike of the Baroness' action. Doubtless our lady readers will be glad to read the whole story, which is thus told by the correspondent of *Truth*. What happened was this: The Queen stood, as usual, with a vacant space in front of her—a space into which no mortal presumes to set foot without a signal from Her Majesty. Lady Burdett-Coutts was seen advancing through the crowd—for crowd there was—to the inner hem of the outer circle, with intent to place herself beneath the eyes of the Queen, and to secure that recognition which would entitle her to approach the sovereign, and give as she hoped some visible token to the world that she was once more in Her Majesty's good graces. Many saw the Baroness' movement. The Queen saw it, and what Her Majesty did on seeing it was to turn her royal back on the Baroness Burdett-Coutts and walk smartly off to another part of the grounds. The act was done too publicly and in too marked a way to leave any doubt of its meaning. Indeed, it has been said that the Queen would never forgive what she thought the scandal of this marriage. She holds strict views on such subjects, of which she has many a time given proof, and of which she has now given one more at the Baroness' Burdett-Coutts' expense. Still, with reference to the same garden party, I cull the following from a society journal:—'Her Majesty the Queen honored Madame Nilsson with the gracious distinction of retaining her quite ten minutes in a conversation, as I am informed, of the most flattering and condescending kind.'"

What Some People Say.

That if the *Standard's* cabbages were planted headdown, they might turnip something edible.

That the farmers at the Saanich show saluted the minister of finance and agriculture as "Uncle" mistaking him for the "friend in need" on Johnson street.

That a Saanicher who had had his taxes doubled presented the premier with three cabbages—one for each member.

That they will take the place of "three balls" in front of the treasury.

That our boarding house mistress has her weak and strong points, the weak point being her tea and the strong point her butter.

That if you think you would be missed by the world if you were to die, pull a a hair from your head and see if you miss it.

That there are two ways of getting through this world. One way is to make the best of it, and the other is to make the worst of it. Those who take the latter course work hard for poor pay.

That "Forgive our great men for their astonishing folly," prayed Mr. Spurgeon when the House of Lords refused to pass the Irish land bill.

That the salutarian, says an American, at Yale this year was a German, the valedictorian a Hebrew, and the prize declaimer a Chinaman. But when it comes to real classical culture our native land is there. The pitcher of the Yale baseball club is an American.

That a great deal depends upon the time o' day when Shortlets tackles the agricultural posters. If before four in the afternoon the types are fresh, clear and sober. If after that hour the letters have a blurred appearance as if they have been drinking bad whiskey which prevents them maintaining their perpendicular.

That he who is great in his own estimation is like a man standing on a mountain. All men seem little to him from above, and he, Heavens knows, looks little from below.

That the dealers who were forced to submit their weights, measures and scales to inspection complain that the work has suddenly ceased.

That nearly one-half the dealers are selling with unstamped weights, etc.

That the Rev. I. S. Kalloch is coming to Victoria to lecture on Chinese antimonopoly and the coming woman.

That Capt. Waddell, master of the Confederate pirate Shenandoah, died at San Francisco last week.

That one of the electric lights at Blakely can be plainly seen from Seattle every evening.

Thas the Victoria City Council have telegraphed to Cincinnatti for plans of the Brush electric light.

That there are 10 whites and 15 Chinese in the Skagit mines making good wages.

That a nugget weighing $17.50 has been found.

That a citizen approached a farmer at the Maple Bay show yesterday and asked him if his horse was gentle? "Very quiet—in front; but you can just bet (pointing to his heels) he's awful wild behind," was the reply.

That the *Herald* yesterday in a trenchant leader on "Jim Crows" chawed its contemporary of the *Guardian* up.

That the cawse of the retort was a bogus letter in the *Guardian* attacking the editor of the *Herald*.

That officer Speed picked up a drunken man on Yates street the other evening. "Who are you?" enquired the officer as he propped him up. "Well, sir," replied the man, "under ordinary circumstances I'm an American, but under present circumstances I'm blest if I know who I am."

That Dr. McInnes, M. P. for New Westminster, will not return to the province.

That he has gone to the Northwest territory.

That the White House will issue the October number of the *Ladies Journal* on Tuesday.

That it improves in appearance and interest every month.

That like everything else from that dry goods house it is extremely cheap.

Biting a Policeman.

A Nitinat Indian was brought before the Police Magistrate on a charge of biting policeman Speed while the latter was in the execution of his duty. The Indian pleaded drunkenness and was fined $30, which he planked down and was discharged. It was a dear meal for the Siwash.

FIRE.—Mr. and Mrs. Payne left their home near the Willows last evening about 6 o'clock to visit a friend and on returning about two hours later found the house in flames. Everything was consumed except what they stood in. There was $200 in bills in the house at the time. The house was insured for $500 and the furniture for $900.

THE owners of the E. J. Irving are cutting off her stern with the intention of saving as much as possible of her hull. All the machinery has been saved.

SIR CHARLES TUPPER and party reached Ottawa on the 30th ult. from British Columbia.

The Churches.

The city of London churches are to be reduced one-half. Within the area of little more than half a square mile, designated as "London Within the Walls," there exist no less than forty-eight churches, which, with St. Paul's, are capable of accommodating 40,000 persons. The resident population within this area has diminished to 20,000, and the attendance at all the churches, including St. Paul's, is not above 10,000. It is proposed to retain only twelve of these churches and to sell the thirty-six remaining, by which it is expected at least a million sterling will be realized, and made useful for the erection of fifty other churches in the more remote parts of the town and its suburbs.

Rev. Samuel Seabury, father of the first Episcopal Bishop in the United States, in June, 1768, drew a prize in a lottery of £5,000, and in his daybook he mentions the matter and records to his "Posterity, thanks and praise to Almighty God, the giver of all good gifts, Amen." Public sentiment has changed a good deal since then, as no reputable minister now would be likely to take poins to let such a matter be known to his posterity or anybody else.

The Bishop of Liverpool having recently entertained socially the Presidents and some of the members of the Wesleyan Conference, the Rev. W. P. Nevins, editor of the *Christian Apologist*, wrote him, expressing himself "troubled and perplexed" by seeing his Lordship extend his hospitality in so pointed a manner to dissenting ministers, and asking him if it was indeed true that he held them to be truly priests and competent to consetrate the Eucharist. The Bishop replied:—"Wesleyan ministers are certainly not clergymen of the Church of England, but after the unkind treatment which John Wesley and his people received from the Church of England last century, and after the good work they have done, I shall never hesitate to treat them with respect."

The storms of this world may sweep over us, and we may suffer the wreck of all our earthly hopes and possessions, but they cannot take from us what should be dearer to our souls than all perishable treasures—a calm, serene, immovable, rejoicing trust in heaven.

Wrangel Land.

Dominion papers hint that Capt. Hooper invaded Canadian territory when he took possession of Wrangel Land. Inasmuch as the ice pack prevents Wrangel Land being reached by human beings more than once in 10 or 12 years and then when they succeed in reaching it they are always in a desperate hurry to get away again, it does not matter much which nation may hold it. The mode of occupying the territory and its appearance is thus described: "Reynolds, carrying the flag, took formal possession in the name of the United States. The flag was placed on a pole of drift wood on a high cliff and to the staff was secured in a wide mouthed bottle a paper containing information of the landing, etc. The spot where we landed is marked by a river, to which we gave the name of Clark river, after our efficient chief of revenue marine, W. Clark. The beach is composed of black slatey shingle. The river was quite narrow, about one hundred yards wide, but deep and rapid, and from the top of the cliff near it could be seen extending back into the mountains a distance of 40 miles. The mountains are devoid of snow, and seen under very favorable circumstances through drifting clouds, appeared brown and naked. The cliffs were of slate, and a tramp of five or six miles revealed nothing further in soil that organaceous clay with black pebbles. In one of the cliffs a stratum of sandstone cropped out and several specimens of quartz containing syniteze were found."

Improvements.

The plans for E. H. Anderson's two-story brick, to be erected at the corner of Oriental Alley and Johnson street, have been approved by the owner in London, the contract awarded and ground will soon be broken. Tai Soon & Co. are erecting a large brick warehouse, two stories in height, in rear of their present building on Cormorant street. Joseph Rhodé will shortly call for tenders for the erection of a three-story brick, 45x52, on his lot on Store street. Senator Macdonald's new brick building on Cormorant street has been completed by the contractor, Mr. J. Coughlan. The brick building to be put up at the corner of Courtenay and Douglas streets will be occupied by the Indian department. Tenders will be invited in a few days for the reconstruction of Yates' wharf along the water front, foot of Yates street, preparatory to giving out the contract for a fine brick and stone warehouse on the Wharf street line.

Mail Communication.

The N. W. *Herald* complains loudly and justly of the failure to forward the mails from Victoria to the Mainland by every conveyance, and instances several cases where the mails which arrived here on Friday did not reach New Westminster till the following Tuesday, notwithstanding the fact that during the interval two steamers left Victoria for the Mainland. This is an outrage which the Board of Trade should bring to the notice of the department. The mails should be forwarded by every steamer that leaves this port for the Mainland. To detain them here for from two to four days is acting very unjustly towards the Mainlanders.

Nanaimo.

Free Press:—Wm. Sabiston has gone crazy again. He imagines himself the savior of the world, that the world is coming to an end and that all the people should worship him....A locomotive on South Wellington track was thrown off by a cow. While the men were righting the engine Edward Walker had his ankle badly injured....The strike at the Chase river mine continues.

SERIOUS ACCIDENT.—An accident occurred at New Westminster yesterday morning just previous to the Enterprise leaving which proved nearly fatal. A Mr. McKenney of Maple Ridge stumbled and fell off the wharf, striking one of the pile-braces in his descent. He struggled bravely, but could not keep his head above water. At the critical moment a Mr. A. S. Whiting of San Francisco climbed the rope by which the steamer was held to the wharf and succeeded in holding the unfortunate man until a boat was launched. He was then nearly gone, and at least ten minutes elapsed before respiration could be restored. As the steamer left it was said that he had been put in warm blankets and was likely to do well.

SCARCE.—Men for the railway continue scarce.

MAPLE BAY AGRICULTURAL SHOW.

A Splendid Exhibition of Farm Produce.

Notwithstanding the rather unfavorable weather indications yesterday morning, some 200 excursionists from this city went up on the steamer Wilson G. Hunt to the agricultural show at Maple Bay. The day opened, however, very pleasantly and the spirits of all became correspondingly elated. In due time the steamer arrived at the North Saanich wharf where some 25 or 30 additional passengers came on board, among whom were J. McIlmoyl, Esq., M.P.P., Rev. Mr. Wright, Messrs. Brethour, Brackman, Roberts, and several ladies. At 12.30 the wharf in Maple Bay was reached, where the passengers landed and shortly after wended their way up the hill to the show grounds. A large number of Cowichan and Salt Spring Island settlers were down at the wharf to greet old friends and acquaintances from this city. Reaching the show enclosure, which, by the way, has been much improved, and is now substantially fenced in, visitors were soon busily engaged in getting all the enjoyment possible under the genial sunshine and agreeable social converse with settlers from all parts of the district from Shawnigan to Chemainus, and Oyster Bay. The judges soon got to work, their duties occupying them for a considerable length of time. Going into the society's hall the first articles of farm produce that attracted attention were the

ROOTS.

Carrots, Belgian and long red, were exceedingly fine, and the entries numerous. Mangoltwurtzel, also, were large, both long red and yellow. Turnips, Aberdeen yellow, Pomeranian, white, Swedish and other varities were of extraordinary dimensions. The potatoes, however, carried off the palm in every way. The numerous varieties, all admirable of their kind, would have won prizes and special mention at any agricultural exhibition either in the eastern provinces or the old country.

GARDEN PRODUCE

Such as onions, shalots; beets and concumbers were not very numerous; most, however, were good of their kind. Squashes, vegetable marrows, water melons and citrons were very choice and attracted much attention. A few good specimens of Indian and sweet corn were on exhibition.

GRAIN.

Two out of three samples of fall wheat were prime; one particularly was most creditable to the district, the berry being bright, plump and weighty. Three or four samples of spring wheat were also good, although not well cleaned. Oats, three samples out of the four or five, were conclusive proof that in this description of cereals Cowichan district can compete with the world. Peas were also of excellent quality, as were likewise three varieties of grass seed, ryegrass cocksfoot and timothy.

FRUIT

Was the crowning exhibit of the show. Apples, autumn and winter, some 25 varieties, were of the choicest description. In color, firmness and flavor they could scarcely be excelled. One specimen measured 15 inches in circumference. Pears and plums were remarkably fine. One late variety of peaches from Salt Spring was large and luscious.

BUTTER.

Among the 15 or 16 entries in dairy produce were several prime articles. Two kegs of butter were pronounced by competent judges to be A No. 1. A few samples of fresh butter were also very delicious. Mrs. Bednall took the first prize for roll butter and Mrs. Keir for salt butter. In cheese there were no entries. Specimens of bread, some of them made from Victoria flour from Haynes & Lovell's mill, were of excellent quality.

LADIES' WORK.

In this department the entries were not numerous although some of them were fine specimens of handiwork.

MISCELLANEOUS.

Some very artistically arranged boquets and artificial flowers decorated one end of the fruit table. They were much admired. Among the Victorian exhibitors were Mr. T. Fletcher, who took up some beautiful Wanzer sewing machines. Messrs. Berde & Morley sent up specimens of horse shoes. These and the sewing machines received special mention.

LIVE STOCK, POULTRY, ETC.

Horses and cattle, although perhaps below what they ought to be in point of breeding, were still a great improvement on former exhibitions. There is much room for advancement in this important branch of farming pursuits. Several varieties of poultry—Hamburgs, Leghorns, and Houdans—were exceedingly pretty and elicited much admiration. Some colored Leghorn spring chickens on exhibition were raised from eggs imported from Binghampton, N.Y. From the dozen eleven fine chickens were raised.

AFTER THE SHOW

the young people and not a few of their seniors enjoyed an agreeable hour in Terpischorean fashion in the dancing booth. When the shades of evening closed in upon the company they proceeded down to the wharf for the

RETURN TRIP.

At 6.30 the party from Victoria reembarked amid the cheers of the Cowichan people, many of whom came down to see the visitors off. A detention of an hour and a quarter at North Saanich was the occasion of no little discontent, not only among those who had the discomfort of landing in boats, but all who were on board anxious to reach home. Only for this a rapid run would have been made. Haynes' band enlivened the trip both going up and returning. It also did good service on the show ground and in the booth. Spratt's wharf was reached about 11:45 last night and the excursionists all landed well pleased and gratified with the trip, and loud in their praises of the steamer, her captain and purser. Nor were the kindness and attention of the Cowichan people forgotten. Nothing was omitted that could tend to the comfort of visitors. The prize list will appear in our next issue.

THE steamer Isabel with an overland mail and a few passengers arrived from Puget Sound at 2 o'clock yesterday afternoon.

PERSONAL.—Mr. and Mrs. Onderdonk arrived by the Slope last evening.

New Westminster.

[Herald.]

The travelling expenses incurred by Bishop Sillitoe, on his recent trip to Cariboo, amounted to $72.50, and the offertories at the various services held by him to $117.10, leaving $44.60 to go to the mission fund. The Rev. Mr. Blanchard's expenses during a similar journey, including a more protracted stay in Cariboo amounted to $87.50, and the offertories to $139.50, leaving $52 for the mission fund. Both gentlemen met with much kindness on the road and in the mines.

A cow died a day or two ago. An examination showed that death had resulted from a large darning needle which, doubtless taken with food, had worked its way right through the heart, and, passing through the left breast, was found with the point protruding near the shoulder blade.

It is with sincere regret we learn of the death of Mrs. Edwards, wife of J. T. Edwards, Esq., J. P., of Kamloops.

Keeler returned from Pitt Lake yesterday and reports that no trace of Stonington can be found, and there is little room to doubt that he lies at the bottom of the lake.

Archdeacon Woods goes to England at the desire of the Bishop, to raise funds for church work in the diocese.

[Guardian.]

The local Government has ordered the North road to be cleared from brush and other obstacles, that people going to Port Moody may be able to go without difficulty.

The canneries on the lower part of the river have been doing pretty well, but about this city and above the run has not been so good this last day or two.

As Mr. J. Johnson, the keeper of the ferry at Port Moody, was on his way thither from this city on Wednesday afternoon, he stumbled over a branch lying on the trail, causing him to fall with such force as to break one of his ribs and also receive a wound on his head which severed the temporal artery. Although stunned and rendered helpless by his injuries, he managed to compress the wound on the temple, thus very probably saving his life. He remained in his disagreeable position the whole night and might have lain there much longer if providence had not sent a lady in that direction, who gave him such assistance as she could and obtained help to bring him back to this city, where he obtained the aid of Dr. L. R. McInnes. He is now progressing very well.

Right Rev. Bishop Brondel's Visit to Rome.

The *Catholic Sentinel* of Portland says of Bishop Brondel's visit to Rome:—The right reverend bishop goes to Rome to pay his respects and that of the clergy and laity of his missionary diocese to the Holy Father Pope Leo XIII, and at the same time to present to the Holy See the acts and decrees of the second provincial council held in the city of Portland under the presidency of His Grace, Most Rev. Charles J. Seghera, Metropolitan of the province of Oregon, on the 16th, 17th, 18th and 19th days of August last. These acts and decrees, regulating important matters pertaining to the spiritual affairs of the Catholic Church in the extensive ecclesiastical province of Oregon, reaching from the northern boundary of California to Behring's straits, and from the Pacific ocean to the Rocky mountains, must, according to the discipline and rules of the church, be presented to the Holy See for approbation. Bishop Brondel will visit on his way to the Eternal City the most celebrated and important places in this country, Canada, Ireland, England, Belgium (his native land), Holland, Germany, France and Italy. He will more particularly make it his object to visit celebrated shrines such as Knock in Ireland, and Lourdes in France. It is also his intention to be present at Rome, God willing, during the ceremonies of the canonization of Blessed Benedict Joseph Labre, which will occur on the 8th December next, the festival of the Immaculate Conception. During the bishop's absence Very Rev. Father Jonckeau, V. G., will administer the affairs of the diocese of Vancouver Island.

Barque Germania sailed from San Francisco on the 6th for Departure Bay.

Ship Belvidere arrived in Royal Roads at 1.30 yesterday afternoon 31 days from San Francisco. Experienced strong head winds all the way up. She is bound for Departure Bay.

Barque Whitmore came to anchor in Royal Roads yesterday afternoon, bound for Departure Bay.

Tug Pilot returned from Cape Flattery last evening after towing the barque Pecho from Moodyville sawmills to sea.

RAILWAY ITEMS.—Mr. Onderdonk has been over the lower section of the railway from Emory to Port Moody and he will, no doubt, bid for it. There are 7 tunnels from Emory to Harrison river, the shortest being 500 feet long. The 1600 foot tunnel will be completed about the 20th of this month. The carpenters are busily engaged in getting out timber for the bridges between Yale and the big tunnel. The track for about five miles above Yale is ready for the rails and will be ironed at once. The sawmill formerly at the big tunnel is to be moved back to Spuzzum. The camp for winter quarters will be No. 15, about a mile above the big tunnel. Mr. Harrison on his return from Victoria will take control of No. 15 camp and upwards; Mr. McBride will superintend from the big tunnel downwards. Preparations are being made to work 1000 Chinamen next spring.—*Guardian.*

THE steamer Western Slope arrived from Yale at 9 o'clock last evening with a large passenger list and general freight, having left Yale at 6 o'clock yesterday morning and Westminster at 3:45 in the afternoon. She was only 5½ hours from New Westminster to Victoria. She left on the return trip to Yale at 1 o'clock this morning with a general freight, but no steel rails. The passenger list will be found in the usual column.

GRAND TRUNK.—The Grand Trunk railway's report for the half-year ending June 30th gives a very satisfactory showing. The gross receipts amounted to over one million pounds and the profits to £250,000. First and second preference stockholders receive dividends at the rate of five per cent.

THE steamer Enterprise arrived from New Westminster at 5 o'clock yesterday afternoon with 40 passengers and 30 head of beeves from Causton's range, Semilkameen, and 25 head for VanVolkenburgh & Co., and the up-country mails.

THE steamer Princess Louise will leave for Fraser river to-morrow morning at 4.30 o'clock.

Death of the First White Child Born at Cariboo.

During the early days of Cariboo gold discoveries the name of "Bill" Cunningham was in nearly every one's mouth. "Bill" was an American, who went to Cariboo early in 1861 and "struck it rich" on William creek. He came down to Victoria in the winter of 1862 with a swag of gold dust which he spent lavishly. Among the very few young ladies who then resided in this town were the two Misses Sires, daughters of American parents who had settled here. To the youngest of these girls Cunningham paid his addresses, proposed and was accepted, and shortly married her. The happy pair proceeded to Barkerville and in due course a boy was born to them. Soon afterwards Cunningham died suddenly while on a prospecting tour, but not before his fortune had all been spent. His widow afterwards returned to Puget Sound with the "Cariboo nugget" as the little stranger was called by the rugged miners who had become very fond of the treasure. Mrs. Cunningham married Captain Selden of the U. S. revenue service and is now living in Texas. The boy grew to be a sturdy fellow and some two years ago was sent to New York to learn the trade of machinist. About the first of last month a number of men from the New York shop, including Willie, were sent down to Boston to put up a very large engine for the immense pumping works at that place. On the 19th of September a piece of the machine fell, knocking several of the workmen down, and killing two of them—one of the dead being William H. Cunningham, the first child born in Cariboo of white parents and the whilom pet of the mines of that once flourishing section.

This is how it Came About.

At the coroner's inquest into the cause of the death of DeWitt at the hands of Spencer, at New Tacoma, a witness testified as below. The men were rival sewing machine agents. We quote from the *Post-Intelligencer:*

Thos. Dougherty testified as follows: I knew the deceased, his name was DeWitt, I believe. I know the cause of his death. He was shot by Mr. Spencer. I saw it. They had been talking outside the saloon a little while I came out. Mr. Spencer was in his wagon and DeWitt was on the platform above the wagon. They were talking about sewing machines. DeWitt said he could fix them as good as Spencer could; Spencer said he couldn't. DeWitt said he did not think Spencer's head big enough to fix anything. DeWitt said "you had better go up before the G.A.R. again." Spencer said "you go on and attend your own business and I will to mine, and I don't want you to speak to me any more, and if you are a gentleman you won't." DeWitt said "no gentleman will speak to you." Spencer then went for his revolver and DeWitt jumped into the wagon and grabbed for his hand when Spencer shot him twice. I did not see DeWitt have any pistol. DeWitt said "I'm shot" and tumbled out of the back of the wagon to the ground. It occurred in front of the saloon near the foundry. Spencer took out his revolver before DeWitt approached him. DeWitt did not at any time attempt to strike Spencer.

Yale.

Sentinel:—A few days since while Messrs. J. A. Henderson and Neil Black were coming down the road near the 37-mile station the horse of the latter stumbled and fell upon one of the legs of Mr. B. causing serious injury....On the 1st inst. the body of a man was brought past our office, placed on a little hay in the bottom of one of the Railway Company's wagons. On inquiry we learned the body was being taken to the hospital to be buried where a coffin was procured. It appears his name was Joseph Graham, an Englishman, aged about 60 years. He had been working at camp 6 and was taken ill and died 30th ult.

NAVAL.—H. M. S. Triumph has gone to Coquimbo and will not visit this station this year. The detached squadron with the royal middies on board will not come here at all.

NEW STORE.—G. B. Mansell has leased the remaining store in Oddfellows' Hall, and will open in a few days with a stock of clothing and boots and shoes.

SCARCELY any disease to which human beings are subjected is so thoroughly discouraging as Fever and Ague. The periodical return of alternate chills, fever and sweating, is terribly depressing. Ayer's Ague Cure is the only remedy known, which is certain to cure permanently, by expelling the malarial poison which produces the disease. It does this surely and leaves no ill effect upon the system.*

B. C. AGRICULTURAL ASSOCIATION.—The Board of Managers will meet at the Town Hall on Monday evening next at 7.30 o'clock to conclude arrangements for the show and fair. A full meeting is desired.

Eastern Canada Mail.

(Per steamer Geo. E. Starr.)

ST. JOHN, Sept. 26.—James Walker Sears, a first graduate of the Royal Military College, Kingston, Ont. is gazetted to a lieutenancy in the First Battalion South Staffordshire Regiment 38th. He is the first of the St. John cadets who has received a commission in the British army, and is the youngest son of Mr. John Sears.

TORONTO, Sept. 27.—Mrs. John Footer, of Woodstock, drowned herself and her infant in a cistern containing only about a foot of water. Despondency is the only probable cause mentioned.

The jury at Orangeville yesterday, in the trial of Wm. McCormick for the murder of John Pangman, found a verdict of manslaughter. Sentence was reserved.

OTTAWA, Sept. 27.—Now that it is definitely known that Her Royal Highness has fixed a date for her return to Canada much interest is felt in social circles. Everyone here, including many who had reached the conclusion that the Princess had taken a final leave of Ottawa, will gladly welcome her return and the reopening of Rideau Hall, which has been closed for a long time.

LINDSAY, Sept. 23.—The steamer Vanderbilt, owned by Capt. Crandell, was burned here this morning at five o'clock during a very heavy thunderstorm. It is supposed to have been struck by lightning.

Lord Lorne has won distinction as a "crack shot," and is travelling in the North-West with a formidable collection of guns. The camp equipage is of the simplest, and the Governor-General, it is said, "roughs it" with his guide, and spends little time on his toilet of flannel shirt and trousers and hob-nailed shoes. At Rapid City a British colonel in perfect afternoon attire appeared to read an address of welcome to Lord Lorne. The Governor-General, in gaiters and flannel shirt, faced him gallantly, alone on a raised platform, in full view of his admiring friends, and came out of the unequal contest far better than they had dared to hope.

The claim of Larkin v. O'Connor involving a claim by Miss Margaret Larkin of Hamilton for payment by Hon. John O'Connor of money borrowed to enable him to qualify as a member of parliament was heard at the Assize Court on Saturday. The defence was that a payment of $500 made was in full of the account. Hon. John O'Connor himself was examined. The jury after being locked up for several hours were unable to agree and were discharged.

Until within the last month William T. Branch was manager of the American Transfer Co. at Bradford, Pa. The position was an important one, requiring a most reliable and trustworthy man. About three weeks ago he left Bradford suddenly and with his wife and child came on through Canada to this city, finding a boarding house at a place on Church street. Almost at the same time Detective Curth of Buffalo left that city and began shadowing his man. The examination of Branch's accounts showed that he was behind some $100,000. Yesterday Branch was arrested and will be taken back.

BELLEVILLE, Sept. 26.—One of the most terrible and fatal accidents that ever occurred in this vicinity took place yesterday between six and seven o'clock at the farm of Mr. George Caldwell, in the eighth concession of Thurlow, and about one one a half miles east of Zirons Hills. Mr. Owen Reed's steam thrasher had been engaged during the day by Mr. Caldwell and through some defect of the gauge or carelessness on the part of the engineer the head of steam carried was not fully known. The consequence was that the boiler of the thresher exploded with terrific force tearing everything into pieces and scattering death and destruction on all sides. Anson Thrasher, who was engaged near the cylinder at the time the explosion occurred, was struck by pieces of the shattered engine and his skull severely crushed. He died almost immediately. Andrew Lloyd, who was also near by, was blown fully twenty-five yards from the engine and his abdomen was torn open so that his bowels protruded. Death was almost instantaneous in his case also. W. Malcolm, a son of Mr. Wm. Malcolm, of this city, who was formerly foreman of the gas house here was instantly killed. He was employed on the machine, and was a promising young man of about 22 years. Miss Viola Caldwell, daughter of George Caldwell, aged 11, who was culling near the machine and watching operations, was struck by a piece of the engine and had her neck broken. She, too, died in a few moments. Mr. Caldwell, himself, was seriously hurt, but it is thought not fatally wounded. Henry Garvin was dangerously injured and may die. Chas. Gerkin was also painfully injured. This is a terrible list for one such accident and at one place. The engine was shattered into a hundred pieces and part of it was driven into the barn, setting fire to the straw. By great efforts the flames were extinguished before they they had done much damage.

COLLINGWOOD, Sept. 25—About four o'clock this afternoon the premises occupied by J. W. Carey as a boot and and shoe store and shop took fire, and it and the adjoining building occupied by P. W. Pell & Co. were soon enveloped in flames. Guilfoyle Bros.' establishment on the south, and the verandah in front of T Long & Bro. on the north, and Long's grocery, which was a frame building, likewise caught, and were quickly consumed. Long's magnificent four-story brick building soon succumbed to the flames, W. J. Frame's store was the next, and the fire rapidly extended to W. Leary's building, occupied by T. Best as a gents furnishing store, and W. A. Hogg as printing office and bookstore. The fire extended rapidly south and east. The station buildings and platform were repeatedly on fire, but were saved only by the greatest exertions of the employés of the company. The wind which was blowing a gale from the west carried the fire to Tobey's tannery, a distance of over half a mile, and set fire to the wood and tanbark there, a very large quantity of which was burned. Only sturdy exertions saved the building. About seven o'clock the steam fire engines from Stayner arrived, and the fire now seems to be under control. The loss cannot be less than $150,000.

MEDICAL

GRIMAULT AND CO., PHARMACEUTICAL CHEMISTS, PARIS: 8, RUE VIVIENNE, 8, PARIS.

DISEASES OF THE CHEST CURED. GRIMAULT & CO.'S SYRUP OF HYPOPHOSPHITE OF LIME.

We invite all who are ailing from DISEASES OF THE CHEST to resort to Grimault & Co.'s SYRUP OF HYPOPHOSPHITE OF LIME as the ONLY ONE YIELDING UNFAILING RESULTS in the treatment of PHTHISIS, PULMONALIS, ASTHMAS, BRONCHITIS and various kinds of COUGHS. GRIMAULT'S SYRUP of Hypophosphite of Lime is of a ROSE COLOUR, is delivered in FLAT OVAL BOTTLES and NEVER in QUADRANGULAR BOTTLES. Call expressly for said bottle, bearing the SIGNATURE GRIMAULT & CO.

DR. LEAS'

SOLUBLE PHOSPHATE OF IRON.

Clear as spring water and tasteless; has the advantage over all ferruginous preparations of containing Iron and Phosphorus, which are the elements of blood. It cures *chlorosis, pains in the stomach, difficult digestion, dismenorrhoea, anæmia, general debility and poorness of the blood,* and agrees especially with the most delicate stomachs.

WOMEN'S AND CHILDREN'S DISEASES.

No more Cod-Liver Oil.

Grimault's Syrup of Iodized Horse-Raddish.

This medicine has been administered with the utmost success in the Hospitals of Paris. It is a perfect substitute for COD LIVER OIL and has been found most beneficial in DISEASES OF THE CHEST, SCROFULA, LYMPHATIC DISORDERS, GREEN SICKNESS, MUSCULAR ATONY and LOSS OF APPETITE. It regenerates the constitution in purifying the blood, it being the most powerful depurgative known. It has also been applied with happy results in DISEASES OF THE SKIN. Further, it will be found to be of great benefit to young children subject to HUMORS and OBSTRUCTION OF THE GLANDS.

GRIMAULT & CO.'S MATICO, CAPSULES AND LIQUID.

Where all other medicines have failed these preparations will always effect a cure. They insure a rapid and extraordinary cure of severe, recent and chronic cases of private disease. They are used in the Hospitals of Paris by the most celebrated physicians and are found greatly superior to all hitherto known mineral remedies, Copabia and Cubebs. The injection is used in recent, and the capsules in the more chronic cases.

DUSART'S SYRUP OF LACTO-PHOSPHATE OF LIME.

TONIC, RECONSTITUENT and DIGESTIVE, of prime order, particularly suitable to FEEBLE SUBJECTS, CONVALESCENTS, OLD PEOPLE and RICKETY CHILDREN, who find in them CALCAREOUS ELEMENTS entering into the CONSTITUTION OF THE BONES. Well adapted to LADIES IN THE FAMILY WAY, and WET NURSES (whose milk it enriches).

ASTHMA! ASTHMA!! GRIMAULT & CO.'S INDIAN CIGARETTES.

ASTHMA, NERVOUS COUGHS, CHRONIC LARYNGITIS, HOARSENESS, LOSS OF VOICE, FACIAL NEURALGIA, and INSOMNIA, are rapidly relieved by using these Cigarettes.

SICK HEADACHE! NEURALGIA! GRIMAULT & CO.'S GUARANA.

A single powder of this vegetable production is sufficient to cure instantly the MOST VIOLENT SICK HEADACHE. It is the most valuable remedy against DIARRHŒA, DYSENTERY, and all disorders proceeding from derangement of the Stomach or Bowels.

HELP Yourselves by making money when a golden chance is offered, thereby always keeping poverty from your door. Those who always take advantage of the good chances for making money that are offered, generally become wealthy, while those who do not improve such chances remain in poverty. We want many men, women, boys and girls to work for us right in their own localities. The business will pay more than ten times ordinary wages. We furnish an expensive outfit and all that you need free. No one who engages fails to make money rapidly. You can devote your whole time to the work, or only your spare moments. Full information and all that is needed sent free. Address STINSON & Co., Portland, Maine. ja7dw
